- Experienced and caring staff
- Weekly registration available
- Open all 10 weeks of the summer from June 27 to Sept. 2
- Air-conditioned facilities

Parents can enroll children in camp week-by-week or for the entire summer.

Youth Camp

5 to 10 years old

Summer camp at BGC Mercer provides campers with a fun, positive, enrichment experience. Our caring staff promotes an open, safe environment that allows campers to learn, explore, and grow while having fun. We follow all state health guidelines. Throughout the summer, campers will participate in structured activities and interactive themes to help prevent summer learning loss. They enjoy arts & crafts, music, nature, STEM, fitness, character development, and other enrichment programs utilizing our air conditioned, state-of-the-art facilities, including gym, multi-purpose room, art studio, STEM center, computer lab, arcade, classrooms and outdoor education center. Camp will provide all campers with breakfast and lunch.

Teen Camp

11 to 14 years old

Teen Summer Campers participate in various fun half-day and full-day trips. In addition to trips campers participate in sports, STEM, career exploration, team building, and other enrichment programs. Our camp utilizes exciting curriculums at our modern and air-conditioned facilities. Campers enjoy games in the gym, use of the STEM Center, the computer lab and the arcade.

Students will enjoy trips including bowling, skating, the movies, swimming, hiking, and tours of historical sites. All trips attended this summer will be compliant with Covid-19 state /CDC protocols. Registration fees include meals, transportation, and trip admission fees.
