How Can W/E Get Involved?

VOLUNTEER! YOU CAN INSPIRE GREAT FUTURES!

Host a Corporate Caring Day for your team or Women's Employee Resource Group

Perfect for a corporate group or team building activity, we will work with you to create a project that will benefit your group as well as our kids. We rely on volunteers to help with a number of projects, including helping out in our BGC Gardens.

Represent Women in STEM or Your own Career at our College & Career Fair, or Stem & W/E Conference

Volunteer and help our youth explore possibilities for great futures. Host a booth, be a guest speaker or facilitate a workshop.

Join one of our Committees or Affinity Groups

Representation matters! We are always looking for female voices to share input on our committees. Join our Special Event Committee, Community Council, External Affairs, IT, W/E, Finance, Alumni, Latino & Hispanic Heritage, Friends of the Garden or the Board of Directors. These groups are crucial ways to support our programs, staff and Club Kids.

Mentor a Teen

Serve as a role model to a Youth of the Year candidate or a student participating in our college or career preparation programs. Help a Club member achieve his or her educational goals and to earn a scholarship to be used toward college. Make a commitment to meet with a teen in-person or virtually regularly over the course of one semester.

Become a Chess for Success Coach

Volunteer at our Spruce St. or Centre St. locations and teach or support our Club kids in learning how to play the game, or advance their knowledge of the game. You do not need to be an expert.

After School Reading & Homework Help

Volunteer with our youth, help make a difference by helping students improve in reading or other school subjects. Make a commitment to visit one of our After School Program (ASP) sites on a weekly or bi-weekly basis.
